

Hyde Technology School
DCSF Designated Specialist School

Uniform

We want all our students to look smart and take pride in wearing the Hyde uniform. We are sure that you, as parents / carers, would wish to support the school in doing this. Please ensure your child has the correct uniform as shown below. If you are in any doubt about the suitability of any item e.g. footwear please contact us before buying. There are pictures on our website of suitable and non suitable footwear.

We will immediately send home to change any student who arrive:

- In **shoes** that are not **plain black**
- Jeans or other inappropriate trousers
- In socks that are not plain black or white
- With an inappropriate hairstyle or extreme colour

Our uniform rules are **not negotiable** and all our students must follow the rules and dress appropriately for school. We very much appreciate the support that you, as parents, give us and also that the vast majority of our students do take pride in looking smart and wearing their uniform correctly.

Please ensure that mobile phones and other electrical devices are not brought into school. If, for safety reasons your child requires his / her phone for the journey to and from school it must be handed in to the office at the start of the day and collected at the end of the day. Students bringing phones into school will have them confiscated.
