

SUMMER EXTRAVAGANZA-Saturday 4th July

To all those kind people who may be able to help

On Saturday 4th July Hyde Technology School will be hosting a family fun day to raise money for charity and entertain the local community. We hope to have many stalls where goods can be purchased, sporting activities, food and drink and entertainment for children. In order to make this event successful we are asking if you are able to donate anything for our stalls or pay £20 to actually have your own stall promoting your business. At a later date we may also be asking if you will put up a poster to advertise the event in your shop window. Tameside radio will be doing an outside broadcast from the school grounds on the day and promoting the event on the radio from next week.

On the reverse of this letter you will see some of our ideas and be able to check what donations would be appropriate. If you would like to promote your own business please enter your details below.

Thank you

Louise Waterhouse
Assistant Headteacher
